

KEEPER GOALS

HOW TO MEASURE FOR NETS

To properly fit your soccer nets to your soccer goals follow these steps.

- 1 Measure the height of the goal frame from the **inside** of the frame.
- 2 Measure the width of the goal frame from the **inside** of the frame.
- 3 Measure the **outside** dimensions of the bottom depth of the goal.
- 4 Measure the **outside** dimensions of the top depth of the goal. (Note: Some goals have a zero top depth)
